

## 17 Years Ago—U.S. Enters War

# SJS Team at Pearl Harbor

By JOE CROW

Seventeen years ago San Jose State students were in a panic. And for good reason—the nation was plunged into global war—Dec. 7, 1941.

As there was national concern over the safety of Americans in the Hawaiian Islands, the 3000 students here had personal concern. The SJS football team was in Honolulu at the time of the attack. All communications with the Islands were severed.

A few days later, unconfirmed reports indicated the team was assigned to the Honolulu Police Force. Later these reports were made official—the team was safe.

Considerable doubt arose as to when the stranded Spartans would return. By Dec. 19 it was learned the squad would return as per original plans aboard the Lurline.

Seven gridders liked Hawaii so much they stayed on with the Honolulu Police Force. They were Chet Carsten, Fred Lindsey, Jack Lercari, Paul Tognetti, Bill Donnelly, Ken Stanger and Don Allen. One of the footballers is still in Honolulu. He's a successful dairyman.

During the emergency, the Spartans were assigned to patrol cars. Most of their calls consisted of light infractions of the law—prowlers, supposed parachute troops and maternity cases.

While the entire team was in Honolulu, it handled 14 maternity cases. Martial law prohibited civilian automobiles.

Spartan "Golden Raiders" were commended by Secretary of the Navy Frank Knox, as quoted in the Spartan Daily: "Both on behalf of the Navy and myself, I wish to express appreciation for the

spirit these fine young athletes exhibited in the face of grave danger. I believe that such spirit is the true American spirit, and I have no fear that such a spirit will ever be conquered."

Other members of the football squad were Ed Wenberg, Gene Kasparovitch, Jack Galvin, Bob Hamill, Gray McConnell, John Brown, Walt Meyer, Hans Weidenhoffer, Ken Bailey, Charles Cook, Wilbur Wool, Aubrey Minter, Bert Robinson, Bill Rhyne, George Foote, Frank Minnini, Allen Hardisty and Verne Cartwright.

Accompanying the ball players were Ben Winkelman, manager Sebastian Squatrito, yell leader Tom Taylor, Bill McGovern and Lt. Dorsey.

During World War II, 200 Spartans were killed in action. More than 4500 SJS students served in the armed forces.

# SJS Vandalism Case Shrouded in Mystery

By GREGORY H. BROWN

An air of mystery may be thinned today when nine San Jose State students, arrested early Friday morning, meet with Dr. Stanley C. Benz, dean of students, and Robert S. Martin, associate dean of students, in an attempt to determine the reason for their behavior last Thursday night.

Arrested for disturbing the piece, according to a San Jose police report, were David Gehringer, 21; William Phelan, 20; Derrill Derrick, 17; Mark Tornheim, 18; Donald Ching, 26; Ronald Yang, 21; Edward Donahue, 21; David Friedman, 18, and Lewis Draper, 26.

## Competition For Offices Starts Today

The hustle and bustle of the national campaigns has subsided to a low murmur on the horizon, but a small amount of the fervor and flavor of political pandemonium is expected to enliven SJS this week as candidates strive for various class offices.

Some 28 students have signified their interest in the class positions available and placing of their posters today signaled the opening of the serious job of getting elected.

Interest is high on the outcome of the Freshman Class' first venture into SJS politics, and ASB Pres. Dick Robinson said Friday that the "... exceptional spirit displayed by the Freshman Class so far this year should make this an eventful election."

Voting will take place Thursday and Friday, with open positions in Sophomore and Senior Classes being filled by appointments after the election.

Norm Friborg, senior male justice, urged that all candidates pick up copies of regulations governing campus posters as soon as possible in the Student Union. He added that posters may put up at any time from noon today on.

## Kappa's Win Greek Show Skit Honors

By Jeanne McHenry

Kappa Kappa Gamma's What Do We Think About Men? captured the first place trophy at the sorority half of Theta Chi's All-Greek Show Saturday night in a crowded Morris Dailey Auditorium.

Kappa Alpha Thetas won the second prize with its rendition of "Collegiate", and Alpha Phi gained the third place gold cup with "Jungle Safari with Mr. Magoos".

The Kappa's 28-member cast under the direction of Linda Laughlin, consisted of four groups—the sophisticates, secretaries, baby dolls, and athletes—dressed in appropriate costumes doing a song and dance routine.

THETAS NAB SECOND Theta "collegiates", led by Lana Porter, sang of the social life at SJS while dressed in contemporary fashion—plaid, pleated skirts, black vests, and black leotard stockings.

Mr. Magoos boomed in a large kettle while Alpha Phi members danced around him in native style. Mary Leela Rao, the Alpha Phi exchange student from India, was featured in a special jungle dance.

## Partridge 'To Tell' If Council Requests

The "Mystery Man" may speak Wednesday.

Pat Partridge, a short-termed ASB prosecuting attorney (24 hours), said yesterday he will tell

"everything," if requested by Student Council.

Partridge again refused to elaborate on his reasons for resigning the position before he officially was appointed.

"Personal and private" reasons—that's why I resigned, he said.

He said he still intends to run for sophomore male justice on Student Court. (Elections will be held Thursday and Friday. He is unopposed.)

"I also still intend to help Dick Christian, chief justice, with the Constitution Committee. (This committee is revising the ASB Constitution.)

Run again for attorney? "Sure, I don't think my resignation will hurt my chances for running for future office. People usually forget things like this.

"My reason for quitting this office will not effect my running for any other office. If I get the

## Limited Students To Obtain Forms For Registration

Limited students planning to attend SJS in the spring semester will be required to obtain permit to register forms, according to Dr. Arthur H. Price, evening program coordinator.

Students are requested by Dr. Price to file the permits prior to the Christmas vacation. Deadline for obtaining permits, needed to prepare master IBM registration packets, is Jan. 9.

The permits may be secured in the Admissions Office, Admin. 102, Monday through Friday from 9 a.m. to 5 p.m. and in the Office of the evening programs coordinator, Admin. 159, from 5 to 9:45 p.m. on Monday to Thursday.

Tentative spring class schedules for evening programs are now posted in Admin. 159.

## Student Presidents Meet on Campus

ASB President Dick Robinson was host to 14 regional colleges and universities Dec. 6 and 7 when the Northern Regional Pacific Students' Presidents' Association met at San Jose State.

Dr. Stanley Benz, Dean of Students, Dr. William Dusel, SJS Vice President, and Robinson addressed the group.

Leading discussion groups were ASB Presidents Bill Stricklin, University of California; Francine Del Rosa, College of Notre Dame, Belmont; and Don Eaton, University of Santa Clara.

## La Torre Pictures

Today and tomorrow will be the only days that individual La Torre picture proofs can be selected. All of the proofs will be in the La Torre office in the Journalism Building. Those who do not care to make a selection must rely on the judgment of the yearbook staff to pick a suitable proof.

After the selections have been made for placement in the 1959 La Torre, the proofs will be mailed to the respective owners.

Freshmen will make final preparations for their newest money-making plans ... a campus-wide shoe shine project ... at Monday's class meeting in TH55, at 3:30 p.m.

Booths will be set up in front of the library and in the Outer Quad, with shines available from 11:30 a.m. until 2:30 p.m. tomorrow and Thursday.

Junior Coffee sales will be discussed at today's class meeting in S110 at 3:30. Carol Young, class coffee chairman, will discuss possible expansion of the sales.

Reports from University of

California and Stanford University will be read concerning a possible Grand Triad between SJS and the other two schools next semester.

## SENIORS

The Senior Class will meet today in TH155 at 3:30 p.m. to map out preliminary plans for the 1959 Senior Ball and other Senior Activities, according to Barry Jett, president.

# Unusual SJS Freshman Refuses To Grow Old

By DON EDWARDS

Many history-making events occurred in the year 1881. In the United States, President James A. Garfield was assassinated. In Russia, Czar Alexander II was assassinated. In the United States, the Red Cross was originated. In

YOUNG MAN BERNSON  
... as a corporal, 1906

Minsk, Russia, Jacob Bernson was born.

Today, 77 years later, the Red Cross can be found in every part of the globe. Where is Jacob Bernson?

He is a freshman at San Jose State College.

Bernson, who is four months older than Pope John the 23rd, received his high school diploma from San Jose Adult Evening School last June.

## HE LIKES IT

A limited student, Bernson is now in his second semester at State. His courses this semester are intermediate voice, piano, and professional typing. Bernson, who is not working for a degree, says, "I'm going to school for the pleasure I receive and for fine company of the students."

Bernson stated he believes students at SJS are serious about their education, but he was surprised to read in the Spartan Daily that few students responded to the plea of the Spartan Foundation for funds. "I went right down to the committee and made out a check. While I cannot play football, I am interested in all the activities of the school and feel the Spartan Foundation deserves the support of every student."

Bernson arrived in the United States at the age of 10, spent three years in public schools, then out in the world to shift for himself.

## YOUNG AT HEART

In 1899 he enlisted in the U.S. Army and spent seven years in the service. He saw action during the Spanish-American war.

When the call was issued for men to work on the Panama Canal, Bernson answered, and despite a bout with malaria, he spent seven years working on the canal. He is justly proud of a medal given to him by President Teddy Roosevelt for this service.

"Love they neighbors as thy self," and "Do unto others as you

would have them do to you" reflect Bernson's philosophy of life.

Shakespeare well could have been describing Jacob Bernson when he wrote, "Some men never seem to grow old. Always active in thought, always ready to adopt new ideas, they are never charge-

... as a freshman, 1958

able with goyism. Satisfied, yet ever dissatisfied, settled, yet ever unsettled, they will always enjoy the best of what is, and are the first to find the best of what will be."

This is Jacob Bernson, San Jose State freshman, 77 years young.

## Explanation Needed?

Pat Partridge certainly created an air of mystery when he resigned his ASB prosecuting attorney job after less than 24 hours in office.

Partridge was appointed to the important Student Court position in a run-off election at Wednesday's Student Council meeting. He jolted student government officials and followers Thursday when he turned in his letter of resignation to ASB Pres. Dick Robinson.

Milt von Damm, runner-up in the close run-off vote, was appointed prosecuting attorney by Robinson after Partridge resigned. Billy Gene Parker was a third candidate for the position.

Partridge said "personal circumstances" would not allow him to carry out the job successfully. He reported Friday that the "circumstances" which forced him to resign arose suddenly the day after his appointment.

It is not our aim to criticize Partridge or to side with him. One must view the situation with an open mind.

Although he resigned the attorney's job, Partridge said he still plans to take part in student activities. He is a member of the ASB constitution revision committee, and it is interesting to note that he is a candidate for sophomore male justice in this week's ASB elections.

If Partridge resigned because of "personal" reasons, we should chastize him, but if he shunned the job because of other reasons, an explanation is due.

One should not jump to conclusions when analyzing Partridge's actions. Unjust criticism is unwarranted.

The fact that he resigned at this early date is good because a resignation at a later date would have caused a greater turmoil in Student Court operations.

At this point von Damm can begin the job as if he had been the person selected, and not one who must continue where another has left off.

## Partridge---

(Continued from Page 1)  
chance, I would again run for ASB attorney."

He said he was not about to tell his troubles to the public—especially in a newspaper. "If I won't tell my fraternity brothers, I won't tell the public."

Partridge pointed out that his reason for quitting has nothing to do with Christiana's statement last week that Partridge is "out-spoken."

"That statement had nothing to do with my quitting," he said. "This thing came all of a sudden, and my reason also has nothing to do with grades."

Expected to be appointed Wednesday as new ASB attorney is Milton von Damm—a close friend of Partridge, according to von Damm.

ASB Pres. Dick Robinson said Friday night that I don't plan to call Partridge before the Council. "And, he said, 'I don't think any council members will want him to give his reason, either.'"

"If his problem is personal—whatever it is—it should remain personal."

"I'm not going to ask him about it. I'll accept his reason, whatever it is."

## ★ Readers Express Reactions ★

### Who-dunnit?

Dear Thrust and Parry:

Eric Nord was banned from appearing at SJS because of his police record. He wasn't banned because he detracted from the "dignified academic climate." He wasn't banned because of his aversion to razor blades. He wasn't banned because of his attack on chrome-plated middle class values. He was banned because of his police record... or so states the Spartan Daily.

I charge the Daily with ascertaining the correctness of this account. Should this be a valid report, a dangerous precedent has been set at SJS. It must be obvious that among our student body, or even perhaps within the faculty, that men and women are attending this college with police records.

If Nord was refused the right to appear on campus because of this, what would keep the institution that banned him from taking measures against anyone, now or in the future? I can't fully believe this to be the fact, however, let's find out who is directly responsible for putting the kibosh on his appearance.

Institutions have the habit of becoming so omnipotent and mysterious in their administrative decisions that the origin of these mystic "high commands" is lost to private view and evaluation. Now, while this is still hot, let's find out who threw the wrench.

I charge the Spartan Daily, official organ of the student body, with finding out who and the why Nord's being refused a campus appearance. We have the right to know who denies us free speech, who sits in judgment on our intelligence and tampers with our freedom. And certainly our freedom is jeopardized when institu-

tions decide what is decent for us to experience.

Larry Kaufman

### Is He Scared?

Dear Thrust and Parry:

Perhaps ASB 5950 fails to realize that SJS students are "apathetic" toward his letters because they choose to ignore his emotional exhibitionism and lack of perception.

ASB 5950 has the audacity to say that the American people have slackened their "fight for our country, its ideals and honor," when he is a prize example of those who would seek to limit the American ideals of justice, and freedom of speech and thought, by censorship of all political views in opposition to his, and by slinging hackneyed and slanderous labels at organizations when such accusations are absolutely not based on fact.

In addition, ASB 5950 forgets that the "proud, strong people," who started this country were not afraid to sign their names to a document representing their ideals. Perhaps ASB 5950 does not feel that the 'ideals' represented in his letters are worth signing his name to. With this, I'm in complete accord.

### No Phonies We

Dear Thrust and Parry:

In the last month or so letters have appeared in this column which have been rather deprecating of the character of San Jose's students. Articles have been lost and/or stolen and the victim of the unfortunate incident has placed blame on our whole student body.

Recently, through carelessness

on my part, I lost my wallet on campus. It contained \$12, various identification and treasured photographs. I really didn't think I would ever get it back.

Three days after I lost it, a call came from the Student Union saying that my wallet had been found. When I picked it up, it still contained everything that had been in it before.

I would like to say that, although thefts have occurred on campus, thievery is not the rule here. I am extremely grateful that my property was returned to me intact. I'm sure similar incidents have happened here. San Jose State does not have the world's biggest bunch of phonies!

# Cagers Continue To Build; Home Opener Tomorrow

By LOU LUCIA

SJS basketball team was put through the wringer by two strong teams last week and still came out wet behind the ears.

Assistant varsity coach Stu Inman states that the "panic button" hasn't been pushed as yet because the month of December is considered a building stage. "We'll be considerably tougher as the season goes along and could surprise some people," Inman stated.

The Spartans host San Francisco State in Spartan Gym tomorrow night in the team's first local showing and expect a hot battle from new Coach Paul Rundell's charges. Outstanding have been Nick Caranica and Bill Aires, a pair of veterans who can pop two pointers with little effort.

Walt McPherson journeyed over the weekend to get a peek at the Fresno State-San Francisco State tiff and also see Pepperdine.

## EMBREE TO START?

The coaches are contemplating a move which may find Jim Embree, a rebounding demon, moving into the Spartans' first five. Inman states that Bob Larson was used last year for his rebounding ability and proved effective. Embree might do the same.

Joe McGrath still has a sore knee but the little set shot artist probably will be ready for the Gator tilt. The condition of Al Simon is such that the team's doctor doesn't know if Simon's knee injury will respond in a week or if he will miss the entire schedule.

Inman believes that losses to muscular Stanford and California quintets resulted in more learning at this time than wins over smaller colleges could afford to give. Ironically, he states, the losses helped us.

## COMPANY COMING

Ned Fitzgerald's 17 point spurge against Cal may receive some company from Bob Chapman, Buzz Ulrey and Al Andreas in the future, Inman said. He also classes Jim (Wheelin' 'n Dealin') Whelan as an outside shooter who can wrinkle the nets.

Footballers Leon Donohue and Clarion Appledorn may help out once they work out the kinks left by football muscles.

SFS sometimes uses a zone defense and while not being a tall club is noted for hustling throughout the game.

## SPARTAN STARTER

Joe McGrath, backcourt man, displays the technique he'll use to get past San Francisco State defenders tomorrow night. McGrath started both the Stanford and Cal games but has been bothered by a sore leg. He probably will be on the court for the tip-off. —Spartafoto.

## Sports Notes

By RALPH CHATOIAN

Congratulations are in order for Ray Norton, San Jose State's top athlete of 1958. Norton received the trophy for athlete of the year at the annual Football Awards Banquet Thursday night at the Almaden Golf Club . . . and rightly deserved it.

"Rapid Ray" tied the world record time of 9.3 in the 100 yard dash last season during the All-comers meet staged at San Jose State. He ran consistently 9.4 or 9.5 the remainder of the season.

If this weren't enough, Ray chose to show his speed in a much rougher sport and reported to Coach Bob Titchenal during the third week of the SJS football season, saying "I want to play, coach."

Since he already was wearing a football uniform, Titchenal said, "Okay."

When the football season came to a close, the slim athlete had ground out an even 200 yards in 45 carries for a 4.2 average.

Titchenal believes, and rightly so, Norton is loaded with intestinal fortitude. The speedster proved this with his "full speed" plays around ends and through the middle.

Among the notables Ray outran last track season were Bobby Morrow, 1956 Olympic champ; Bill Woodhouse, Southwest champion; Ira Davis, Eastern speed burner; Bob Mitchell, Big 10 champ; Willie White, Cal's flash; and Mike Agostini, Olympic star.

Ray defeated all these century men in the same race . . . the Coliseum Relays in Los Angeles.

Norton will have a strong chance to be the first man to run under 9.3 in the century. When the good natural trackster-footballer was asked if he would knock off a 9.2 in the 100, he smiled and confidently said:

"If I break the record I might as well run a 9.1."

He just might do this, come next year.

## All-College Keg League Will Begin

The first All-College Bowling League will roll into action tomorrow at 3:30 p.m.

Twelve teams, comprising two separate leagues, will toe the line for competition. All of the league games will be played at Mels Palm Bowl.

According to Bob Bronzan, intramural director, the league will be divided into two sections. The first half will consist of two leagues with six teams bowling scratch (no handicaps).

Each squad will play each other making a total of five games, terminating the first half of play. The winner of each league will then playoff for the scratch championship.

The second half will pit all of the teams combined into one league with an eleven game slate, bowling under handicap regulations.

Each team, consisting of five men, will bowl two lines and contests will be judged on a three point basis.

Trophies will be awarded to the winning teams and cups to the individual high bowlers.

## Rifle Team Gains Initial Triumph; Tops Cal Aggies

Jerry Russell sparked San Jose State's varsity rifle team to its first win in three Northern California Intercollegiate Conference starts Thursday, a 1415-1342 decision over University of California at Davis.

Russell fired a 289 score of a possible 300 as the Spartans tied a team record established in 1956. George Roundtree grabbed runner-up laurels with 286 points. Rudy Cordova shot a 281, Gary Connor posted a 279, and Luanne Vidak scored 278.

Students interested in joining the squad may contact team coach M/Sgt. Lawrence Cunningham in B65.

## Physical Examinations On Tap for Pugilists

Novice boxing participants will be required to complete their physical examinations today between 9 a.m. and 5 p.m. at the Health Office. All boxers are required to complete this examination for active participation in the tourney.

The 22nd annual boxing meet will begin Tuesday, at 3 p.m. with bouts slated in the boxing gym. Matches for Wednesday may be in the basketball gym depending on the number of fights, tourney supervisor Julie Menendez stated. Championship bouts will take place in the basketball gym Thursday evening.

Pugilists will be equipped with 16 oz. gloves for the three-round battles. The use of heavier gloves reduces the chance of injury, stated Menendez. Professional boxers are outfitted with 6 oz. gloves.

Referees for the tiffs will be three former San Jose State boxers: Bob Tafoya, varsity boxer for three years; Jack Scheberies, AAU champion in 1952; and Darrell Dukes, varsity boxer for three years.

greatest cause of power loss.

Put your car next to the  
New White Pump"

**TCP**  
adds  
**Anti-Miss**  
to  
**anti-knock**

WHY SETTLE for "part-time" performance from your car? Why put up with lazy power on hills, on get-aways? Instead, drive up to the new white pump at your Shell Dealer's and fill up with Super Shell with TCP\*. TCP adds anti-miss to anti-knock.

Spark plug "miss" is the greatest cause of power loss today! It can rob you of 20 to 30 horsepower.

This "miss" is caused by harmful deposits that short-circuit the spark plugs—keep them from firing the fuel charge. But TCP additive neutralizes these deposits, stops misfiring and restores lost horsepower.

And don't forget that new Super Shell contains aviation fuel ingredients that give it higher octane for anti-knock—extra energy for better mileage.

So with anti-miss, anti-knock, and better mileage, too—doesn't it make sense to get Super Shell.

\*Shell's Trademark for this unique gasoline additive developed by Shell Research.
